Web programming trainings organized by Coders Azerbaijan

WORK EXPERIENCE

Front End Developer
Wemark | May 2024 - Now

Bakuelectronics | Feb 2024 - May 2024

- E-commerce Website (new.bakuelectronics.az): Developed a comprehensive e-commerce platform featuring advanced functionalities such as a responsive product gallery, checkout and payment process, user dashboard, authentication & authorization and etc.
- Ticket Management Application: Developed a centralized ticket management system to handle customer complaints. The application features include ticket creation, status updates, priority setting, and communication tools to enhance the support team's responsiveness and customer satisfaction.
- Corporate Website: Developed the company's website to include engaging animations and interactive elements. Worked closely with the UX/UI design teams to ensure the website's aesthetics aligned with the brand's identity and enhanced the overall user experience.
- Travel Website: Developed an interactive travel website catering to the needs of global travelers. Features include an integrated booking system for hotels, daily tours, holidays and rental services and multi-language support to serve a diverse user base.

Front End Developer
Frelancer | Jul 2023 - Feb 2024

- Throughout my freelance tenure, I've specialized in crafting a diverse array of websites tailored to the distinct needs of each client.

Front End Developer
Labrin | Nov 2021 - Jul 2022

- Developed various web projects such as cargo, corporate, educational course websites.
- Worked closely with design and back-end teams to ensure projects were delivered on time.
- Supported existing projects

Front End Developer
Khan Buta Group | Sep 2021 - Nov 2022

- Developed and maintained responsive user interfaces for various web applications.
- Supported existing projects
